

FATHIMA K

Full Stack Developer

Dubai, UAE | +971 562512042 | fathifathima808@gmail.com
[portfolio](#) | [linkedin](#) | [github](#)

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building end-to-end web applications using React, Next.js, Node.js, Express.js, and MongoDB. Developed 4+ full-stack projects across healthcare, e-commerce, and digital services. Proficient in REST API development, database design, and responsive UI/UX. Experienced in mentoring students and delivering clean, scalable code.

EXPERIENCE

Technical Mentor

Emertxe Information Technologies, Bangalore

Trained students and guided them in projects with hands-on training in JavaScript and web development.

Intern

Full Stack Development

Worked on real-world applications during internships focused on MERN stack. Contributed to API development, database integration, and frontend UI components. Collaborated with team to debug issues and deploy features.

EDUCATION

M.Tech, Computer Science & Engineering

BIT Mangalore, India | Secured 7th Rank in VTU

B.E., Information Science & Engineering

AJIET Mangalore, India

PROJECTS

MamaCare App

React, Next.js, Node.js, Express, MongoDB

- Built a full-stack baby tracker for new moms in UAE.
- Developed RESTful APIs and responsive dashboard for feeding and vaccination details.

Digital Agency Platform

React, Express, MongoDB

- Created a service showcase website with portfolio, case studies, and inquiry form.

Grocery E-Commerce App

React, Node.js, Express, MySQL, MongoDB

- Developed end-to-end grocery platform with product catalog, cart, and checkout flow.

Video Streaming App

React, MongoDB

- Netflix-style application with content listing, video playback, and user authentication

TECHNICAL SKILLS
